School of 89th. Batt'n Opened in Calgary on Tuesday

Two Local Men Attend

Recruiting for the 89th. Battalion, which will be commanded by Lieut-Col. Naysmith of St. Julien and Langemarch fame, was commenced in Calgary yesterday.

Col. Naysmith will not "rush" the recruiting for his battalion. All men who are physically fit who offer themselves for overseas service will be taken, but it is the Colonel's desire that all men who are now engaged in harvesting operations, should finish their work before enlisting.

No official list has been given out yet as to who will be the officers of the new battalion, but two local men are among those who are attending the school of instruction. These are Mr. G. H. Scott and Mr. Fred J. Smith, who left Oyen for Calgary on Monday morning.

The people of this district are displaying considerable interest in the 89th, and it is anticipated that when the work of recruiting is actively carried on here, between thirty-five and fifty men will offer their services for active service.

Land Agent Asks for Better Salary

On Monday morning the Dominion Land Office here remained closed.

W. R. Meacham, the agent, asked some weeks ago for a better salary and advised the Department that he would not stay in office after the 31st. of October unless his salary was increased.

Up to the time of going to press Mr. Meacham has received no word of an increase being forth coming, so the Land Office door is still closed.

Somewhere in France.

"He heard the call 'Your King and Country Need You' and now he is somewhere in France."

And the wife felt he ought to go. She and the little one would manage all right while he was away. Yes, they would wait long nicely, for the hearts of the people were touched, and they had promised to give liberally to the Patriotic Fund, so that the women and the children of the men who went would be provided for.

He went because he was fit, and because he felt it to be his duty; and he left to those who could not go a sacred charge. And the war continued, and months passed. A year went by; others were called leaving their dear ones too—a sacred charge. AND THE DEMANDS OF THE PATRIOTIC FUND GREW.

The men are still "Somewhere in France" fighting their battle and mine. What of the charge they left us? Are we going to help? What are we going to do about it? Have YOU subscribed as freely as you can to the Patriotic Fund?

If not you surely will feel badly about it afterwards. It may be the very last opportunity you will have to do so. Don't pass it up.

Canadian War Loan
To be Issued

Ottawa, Nov. 3.—The minister of finance states that the Canadian war loan, which will be offered only in Canada, will be advertised during the last week of the present month. He is asking all financial institutions and the public generally to be prepared to participate. Yesterday he saw the officers of the Canadian life assurance companies in Montreal and today met with the full executive committee of the Canadian Bankers' Association here, respecting the part those important organizations will play in participating in the loan. During the next three weeks Mr. White expects to be continuously engaged in organizing for the campaign at the end of November, in which Canada will demonstrate her ability to finance a substantial part of her large and rapidly increasing war expenditures.

The minister said that all speculation as to the amount of the loan or the price or terms of issue would be mere surmise. This information will be given in the prospectus when the loan is advertised, and not before.

Personal

Mr. J. J. Mullaney who is well known in this and many other districts arrived in town last Monday morning in a handsome buffalo coat and his Ford car. After a tasty lunch he drove up to J. E. McMullen's place to attend the auction sale, with the following gentlemen: Messrs. B. H. Dial, Eric Lindquist, and Wm. Denton.

Mr. T. M. Nunn, who earned fame as an acrobat and farial contortionist in the Cappon district last Spring, was a visitor in town overnight.

"Life in the suburbs is great" says Wm. Rennie. "We have cornflakes, eggs and prunes for breakfast..... and life in the suburbs is great."

Auctioneer Dial, who was in great voice at McMullen's sale, on Monday, left for Calgary this morning.

Mr. Frank Kennedy, who is gaining "some" reputation as a driver was a town visitor on Monday.

"Now is the time for all good men to come to the aid of their country."

Distribution of Seed Grain and Potatoes

From the Dominion Experimental
Farms 1915-16.

By instructions of the Hon. Minister of Agriculture a free distribution of superior sort of grain and potatoes will be made during the coming winter and spring to Canadian farmers. The samples will consist of spring wheat (about 5 lbs.) white oats (about 1 lbs.), barley (about 5 lbs.), and field peas (about 5 lbs.). These will be sent out from Ottawa.

A distribution of potatoes (in 3 lbs. samples) will be carried on from several of the Dominion Experimental Farms, the Central Farm at Ottawa supplying only the provinces of Ontario and Quebec.

Each application must be separate and must be signed by the applicant. Only one sample of grain and one of potatoes can be sent to each farm. If both samples are asked for in the same letter only one will be sent. Applications on any kind of printed form cannot be accepted.

The destruction by fire of the cereal building at Ottawa, which contained grain-cleaning machinery and a large stock of seed grain for distribution, may make it necessary to curtail the distribution to a certain extent. We shall fill as many as possible of the applications which conform to the rules but requests received after the end of December will probably be too late. Samples cannot be sent in response to applications (no matter when received) which fail to state clearly the needs of the applicant, his experiences in crop-raising, and the character of the soil on which he intends to sow the seed.

All applications for grain (and applications from the provinces of Ontario and Quebec for potatoes) should be addressed to the Dominion Cerealists, Central Experimental Farm, Ottawa. Such applications require no postage. If otherwise addressed delay and disappointment may occur.

Applications for potatoes from farmers in any other province should be addressed (postage prepaid) to the Superintendent of the nearest branch Experimental Farm in that province.

J. H. GRISDALE,
Director, Dominion
Experimental Farm.

That more accidents do not occur on the Goose Lake Line is a matter of common comment. Travelling over the rails always reminds us of the story of the man who had inhaled too freely of what "Bob" Edwards calls the "hard stuff." His journey home was a terrible ordeal. The sidewalk on which he endeavoured to remain appeared to rise and fall in a magnificent but truly disconcerting manner while the buildings on either side of the street, apparently endowed with a power to overcome all laws of gravity and equilibrium swayed in all directions. Arriving at his home which was approached by several steps, he gazed at them with awe. Muttering to himself that "he must jump, as they came by," he covered one eye with one hand and waited his opportunity. Presently with a whoop of satisfaction he jumped in the air and alighted on the bottom step, when he immediately grasped the hand rail and proceeded to climb the remainder with its aid, murmuring as he neared his door "The Lord help the poor sailors at sea on a night like this."

Scarcity of Gasoline is Delaying Threshing

The men who are operating
gasoline outfits are being com-
pelled to remain idle for want
of gasoline. The situation here
is becoming serious.

Some of the outfits have not
been working for two weeks.
Unless gasoline is obtained at
this point in the very near
future, the rest will be compelled
to cease operating.

At the time of going to press
the agent here was expecting
somewhere today from Hanna.

In the meantime owners of
cars are having their troubles
too. Those who are fortunate
enough to have a supply of the
precious "gas" on hand are be-
sieged with requests or a unit-
the varying from a thimble full
to two or three gallons. Owners
of gasoline lamps and stoves
are in the same predicament
and the supply on hand seems
to be only enough to last for a
day or two.

From reports received we
gather that the scarcity is not
confined to this locality. Sever-
al points along the line are
anxiously waiting for shipments.

Local Items

Jas. Lees left for Calgary this
morning to purchase another
car load of horses, which they
